## DEDICATION

Once in a great while there comes an unselfish person who bears a great many burdens with a minimum of confusion, a person, with a generous heart and a soul that's happy despite tribulation, a person with a fine sense of humor and a sporting spirit. If we add to this the dedication with which she has organized and now supervises the business department at Holbrook High School, we have Mrs. Prime.

In appreciation for all she has done for teachers, students, and the school, and for the time she has spent, the Echo staff is proud to dedicate this book to our teacher and friend, Mrs. Prime.

*Roosevelt*

To the Class of 1964:

It is, I suppose, difficult for seniors to realize that a certain part of life has now been completed. In extending my personal congratulations to you, the seniors, for a job well done, I would like to remind you that graduation is really not the end, but merely the beginning. In terms of today's living, phase one has been completed. You stand on the threshold of phase two. Phase one was generally the same for all of you; phase two will introduce differences. Some of you are going directly into the adult world; some will delay that entrance to gain a better preparation for the part to be played. In either case, phase two offers unlimited opportunities for your generation, opportunities never dreamed of by us of past generations. If I have a message for you, it is simply this: take full advantage of these opportunities. We feel that we have given you a firm base for your launching into the future, and we stand ready to continue to assist you whenever we can in that future.

Long ago someone once said that the future is what you make it. Begin now to take advantage of your opportunities so that your future will be what you want it to be. It is not too late.

William T. Buckley  
Principal

## A MESSAGE FROM SUPERINTENDENT I. D. READE

"We need one another when we are in trouble and crave help, or when we are in the deep waters of temptation and one strong hand might pull us out."

"We need one another when we would accomplish some great purpose and cannot do this alone."

"We need one another in our defeats, when with encouragement we might strive again, and in the hour of triumph when we would have all the world partake in our joy."

"All our lives we are in need; and others are in need of us."

"We live the most when we bring to one another our understanding, our sympathy, and our applause."

## FACULTY

We students at Holbrook High School are extremely proud of our faculty, and with good reason. This hard-working group of men and women strives daily to enlighten our minds so that we may be successful in the future. They show us the value of such intangible elements as good sportsmanship, leadership, self-discipline, honesty, the wisdom to know ourselves, and the will to work. Their influence never ceases. Many, too, devote their afternoons to advise various extra-curricular activities. Each teacher has the assurance that he will not be forgotten by students graduating from Holbrook High.

Each year the "Bulldog Bulletin" staff performs an important service to Holbrook High School by producing a publication with articles concerning both the faculty and the student body. It enlightens its readers with news of club functions, academic achievements, and social activities. The book also affords interested students the opportunity to publish their literary and their artistic work.

This year, under the advisorship of Mr. René Bouchard, the members of the Student Council worked to promote an active and constructive year for the students whom they represent. Their purpose is to form a core of students who reflect the attitudes and the ambitions of fellow classmates, and to be a nucleus of student self government. In doing so, they arranged and set down the curriculum and basic student regulations in a handbook, which was issued to all students. Other activities included: running a candy concession in the main lobby at the close of school each day, holding a dress poll to establish basic student attitudes, and sponsoring the first dance of the year, the purposes of which were to congratulate the winners of the class elections and to "kick off" the football season.

# HIGH SCHOOL BAND

Under the direction of Mr. Francis J. Buckley, the Holbrook High School Band has shown enthusiasm and interest this academic year. During our victorious football season, the band, sparkling with new uniforms and new percussional instruments, entertained at game half-times. The majorettes, a dozen girls uniformed in blue and twirling batons under the leadership of Donna Minigan, led the band down the field and participated in the band formations.

At the close of the football season, the band, anticipating the pops and spring concerts, settled down to concentrate on concert music. At this time too, many band instrumentalists participated in regional, state, and New England auditions, and a great number of them were selected to join these festivals.

## GLEE CLUB

Music, a part of everyone's life, means hard work but fun to the members of the glee club, and they want to share their musical joy with everyone. Under the direction of Mrs. Pagé and accompanied by Mrs. Myers, this group of students makes up one of the most active clubs in Holbrook High School.

After practicing diligently from early fall, they presented an entertaining Christmas concert. The spring concert, besides providing musical entertainment, raised scholarship funds for a deserving senior planning to further his studies in music.

The library staff is composed of a group of students who, under the direction of Miss McCourt, take pride in the organization and the care of the library. They perform such duties as covering and repairing books, placing them in their proper order on the shelves, taking the attendance of students studying in the library, and assisting other students seeking educational material.

The present library staff is looking forward to becoming a formally organized club and to expanding the program of service to the school.

The Math Club at Holbrook High School serves as a meeting ground for all students interested in advanced mathematics. With faculty leader, Miss Knutson, and club president, George Sarafinas, the members explore areas not covered by the regular secondary school math courses. The group has investigated such areas as symbolic logic and truth tables, the non-Euclidean trisection of angles, and the mysterious fourth dimension. There are many exciting, special topics in the field of mathematics, and many useful skills to be developed. The Math Club, encouraging interest in this field, is certainly an organization on the rise, in step with the wonders of our modern quest for knowledge.

Now, the Holbrook Chapter of the National Honor Society has grown into an active club with its members performing such community services as collecting for charitable fund drives. Its special project, a Youth In Action Night, is a display of Holbrook High School student activities.

Officers for the 1963-64 year are Marcyanna Perzan, *President*; Kathy Scribner, *Vice President*; Linda Sheldon, *Secretary*; and Denise Williams, *Treasurer*. # TRACK

The '63 track season was fruitful for Holbrook High School. The team completed a record breaking string of 41 victories, becoming the South Shore League Champions for the 4th time and achieving the Class D State Track Championship. A great amount of credit must be extended to the athletes for all their performances, and to their coach, Mr. Samuel Vangell.

During the '64 season, the team is eager to break its own record and to retain the state title.

With the return of many top performers, the prospect looks bright.

This year, the junior class sponsored a cake sale, a Sadie Hawkins Holiday dance, and the highlight of the junior year—the Prom.

Members of this board act as chairmen of the various committees which are responsible for the success of such projects as the senior car wash, the bottle drive, the cake sales, a spaghetti supper, the senior reception, and the annual class trip.

## JUNIOR PROM

Each year the junior class eagerly awaits the biggest social event of their year—the Prom. And this class was no different. With the beginning of the immediate preparations, the pace of junior class life picked up tempo with ticket sales, decoration plans, tuxedos, dresses, and dates.

All the preparations seemed as gay as the prom itself, and when the moment arrived, though it was the same cafeteria, the place and the guests were transformed. A magic took hold which will linger in the memory long after the last golden helmet of the “Roman Holiday” has faded.

## A MESSAGE FROM THE SENIOR CLASS PRESIDENT

Today when a student graduates from high school, whether he enters college or not, he finds himself out in a very competitive world. We, the senior class, are confident that we can meet the challenge of this world because of the guidance of our faculty here at Holbrook High School.

We wish to state our appreciation for all the attention given to us, especially by our senior advisors. To Mr. Leanues, our Head Advisor, we are grateful for his patience and his understanding during these four years.

Each of us, who in June will graduate from Holbrook High School, will leave with a feeling of pride for our education and for our school.

## IN MEMORIAM

GARLAND L. NEIL  
PRINCIPAL  
HOLBROOK HIGH SCHOOL  
1928-1961

*"A teacher affects eternity; he can never tell where his influence stops."*

According to Webster the word privilege is defined as a special right or advantage. Truly then we can say that it was a privilege to have worked with Mr. Garland L. Neil. We must stress the word with in the previous sentences as one never worked for him. If he were incapable of a task, he would never require his students or his teachers to perform it. However, on many occasions the forces of principal, teacher, and student would unite to accomplish a deed.

Long will his memory live in the minds and the hearts of his former pupils and the faculty which had the pleasure to know him. It was only through him that many of us have found the success to which we attained.

A lifetime has been given to the youth of Holbrook, Massachusetts. A lifetime which we know was a full and rewarding one for him. Never has anyone received so much pleasure as he when he proudly saw his proteges advance on the road to success.

There was never a problem too small nor a task too great that Mr. Neil did not have the time to explore. He was a man so well versed in all subjects that one could readily have a friend with whom to converse. History was his forte, but he also excelled in sports. One was never surprised to hear him arguing national or local politics nor to see him in the gymnasium taking an active part in the sport of the season.

One thing which displeased Mr. Neil was mediocrity. Let us then as his former pupils and his faculty excel in our chosen endeavors and vocations and reach to the heights of perfection.

Congratulations and Best Wishes

To The Class of 1964
